

HAVE A HEART
LEND A HAND
STAND OUT AND
MAKE A DIFFERENCE

HAVE A HEART VISION PROFILE

A SHORT INTRODUCTION

Our foundation was established in 2014. We are India based relief and development Non-Government charity organization. Inspired by the meaning of empathy, generosity, and selflessness. The trust aims to alleviate poverty and sufferings in Bihar. Guided by the morals and values of what the word 'Humanity' taught us, we believe that people with wealth have a duty to those less fortunate regardless of race, political affiliation, gender or belief.

Our purpose in establishing this vision is to offer support and assistance to poor and needy families. We help people to access basic services. We provide lasting routes out of poverty through our sustainable livelihood schemes, and our integrated approach to development is transforming communities worldwide.

Have a Heart was established in order to withstand the rising poverty in many regions of India as well as to offer necessary assistance that many families and children lack. It includes medical aid, education, and psychological help. We also help unprivileged children and orphans from around the country.

We see the need,
not the **cause**.
It is about **love**,
not about **pity**

WHAT IS OUR MISSION?

The work of our organization is aimed at targeted assistance to people below poverty line in the form of charitable donations, as well as providing material, technical, informational, legal and humanitarian assistance through charitable programs, schemes and camps. We also offer help to orphans all over the country and also provide support to the orphanages located in poor regions.

HELP & SUPPORT

Our charity organization provides financial as well as humanitarian help and support to the underprivileged poor citizens by heading programs, camps and events designed in a manner to provide the most possible.

EDUCATION

Since we established our charity organization it's our first goal to provide educational help to the poor children to help them rise high in their skills and creative abilities.

MEDICATION

We help people below poverty line to get better medication facilities by providing them health check-ups at low cost and free medicine facilities. We also refer them to hospitals if any serious issue rises and make sure that they are getting good treatment at best price.

BASIC NECESSITIES

Our charity organization aim to provide the basic necessities to those in need of it, we provide house to homeless and also food facilities whenever needed. We aim to lessen starvation and malnutrition in India.

WHAT WE WORK IN HERE?

Our charity organization makes a lot of efforts to ease and improve the life of people in poor regions.

We believe our work can change the lives of people suffering from hunger, illnesses and poverty for a long term. So we campaign to make India a fairer place for people with disabilities, illnesses and poverty and we tackle the causes behind these problems. **Browse our website for more in-depth information about our work.**

HOW IT GOES.....

DONATING

Firstly, we will accept your generous donation, provided for the cause of your choice. You may easily file absolutely any amount you'd like for any project we have.

ASSEMBLING

During the second step we will spread all the money we've raised across all the specific charity projects we have, and making the purchases required.

GIVING

At the end of the day (though, not literally), after all the money raised and all the purchases made, it comes to providing the actual help to those who need it!

“YOU INITIATE, WE WILL EXECUTE.”

OUR HABITS

COVERING WINTER

Bihar, State located in the east side of India. Bordering Nepal and separated by the River Ganges. Here the cold weather commences early in November and comes to an end in the middle of March. The temperature all over Bihar varies from 0-10 degree Celsius.

On January 2013 early morning, mercury dipped to a record low to 0 degree Celsius in Gopalganj to 1 degree Celsius in Patna. These months are the toughest to survive for those below poverty line, living in the respective areas. We chose this state for many more such reasons.

To help those people survive, we donate blankets among those hit by the shivering climate of the month. We introduced this project on a small scale gifting blankets to around 300 families with a sip of love in the year 2016. Seeing those people smile, we planned to distribute more blankets each and every year.

PREVENTING STARVATION

The most readable headlines of the time, 115 people men, women and children have died of hunger in 19 districts of Bihar in the past five years to 2011. Some families had the red ration card with entitlement of 25 kg of rice with highly subsidized rates, yet they could not afford to buy even 50% of the total entitlements. The red card assures below poverty line household just about enough to survive.

Bihar government runs few programs and schemes such as Targeted Public Distribution System or TDPS, mid-day meal scheme or MDMS, Integrated child development services or ICDS, and few more for helping those under poverty line to survive by earning and learning enough to eat the needed much food. The systems are in place to prevent malnutrition but starvation deaths are being reported from a state that is home to 110 million.

A question is still frequently asked, "How many deaths remain unreported?"

After a thorough review we decided to help these people beat starvation as well as malnutrition. We started this by distributing more than 300 families food packs with quantity, enough for a month. To show them that WE CARE!!

SUPPORTING SUFFERERS

A state where 16.5% of the total flood affected area locates. A home where 21.1% of flood affected population of India lives. The 2013 flood in Bihar affected more than 5.9 million people in 3,768 villages in 20 districts of the state.

In 2016, nearly half a million people have been affected by floods in 8 districts of Bihar- statement by Department of Disaster Management on Wednesday, 27 July, 2016. According to the official

report, at least 17 people have died in the flood since 1st June, 2016.

Considering these major issues in Bihar, We stepped forward to help those affected homes. We distributed food stuff in the affected areas and also helped around 400 people who were disabled from before and those who got disabled after the particular disaster by giving them some cash amount for medication.

PROMOTING EDUCATION

The population of Bihar is over 104 million out of which 1 in every 3 are illiterate. Illiteracy is intrinsically tied into the cycle of poverty, and Bihar is one of the most impoverished states of India. It is estimated that 33% of the population lives below the national poverty line, which in India ranges from 368-558 rupees (around \$6-\$9) per month (by comparison, the international poverty rate is around \$38 per month). Bihar also has one of the lowest rates of per capita income in India.

According to a report by the United Nations Educational, Scientific and Cultural Organization (UNESCO), India has the highest population of illiterate adults at 287 million. The statistics point towards the staggering disparities in the educational levels in the country. The illiteracy levels from the year 1991 to 2006 have risen to a whopping 63 per cent.

Considering these issues, we decided to help those children, who want to achieve something in their life. We can't teach them how to learn but we can lessen their struggle by helping them with their school fees'. We search for students with Calibre towards education so as to help them knock out their poor life by gaining enough knowledge through high education. We are already helping more than 100s of students getting educated from well-known schools, colleges, and universities to earn better in future.

PREVENTING HOMELESSNESS

Although, Nitish Kumar government has been widely praised for the kind of governance he has provided to the state over the last few years, it seems the state has to go a long way. As per the figures of the 2001 census, one-third of the total homeless people in the country are from Bihar. While Indira Awas Yojna- the scheme of the Central government, has been instrumental in providing shelter to the homeless in other states,

the number of people who do not have a roof over their head is still substantially large in Bihar. Census data of 2001 reveals that there were 1,48,00,000 homeless people in the country, out of which Bihar shelters 42 lakh homeless people.

After doing a thorough study on the particular issue of Bihar. We provided house to those homeless widows, single mothers and the people below poverty line in order to make their life little less difficult. We also decided to provide basic facilities such as hand pump, water motor pump, and water taps in few homes. For the widows and the single mothers, we planned to provide sewing machines and coaching classes of stitching in order to make them independent. We provide auto rickshaws for the families below poverty line.

Our aim behind all these deeds was to make those people earn their livings and to live a peaceful life.

SUPPORTING HEALTHCARE ACTIVITIES

Around 300km away from Western Champaran, in Patna, the capital of Bihar, and one can find people from all parts of the state flocking for medical treatment. While some of them visit the overcrowded Patna Medical College and Hospital, most have to turn to private hospitals and clinics.

Considering this as one of the major issues for people living in Bihar we introduced MEDICAL CAMPS for all those who are forced to compromise with their health because of money as well as the low quality services provided by the hospitals. **This was the first time when any Check-up camp was being held in the respective village of Bihar.** We receive a very good response from the people living in the same village as well as from the people living nearby.

It was a two day camp held for males as well as females. Around 1000s of patients ranging different phases of age groups were served

HAVE A HEART CLINIC

After check-up camps was held we received really good response and ample of requests from our poor patients. This inspired us to serve more hands hence we introduced HAVE A HEART CLINIC to provide the best possible medical facilities on a regular basis.

The clinic is located in Madhopur Sultanpur, near Saidpur, Bihar, India. Currently we have two doctors,

One Gynaecologist for females and one General paediatrician for all other health related issues. We already helped more than 1000s' of people to beat their health issues. We provided them free check-ups and medicine facilities.

We run this clinic on weekly basis.

FEW OF OUR EVENTS

• FOUNDATION CEREMONY OF HAH MEDICAL CENTRE.

Dated on 16.02.2018

Venue:- Madhopur- Sultanpur, District Sitamarhi Bihar.

The foundation was firstly done by the blessed hands of Imam-e-Haram.

Some of the great scholars from all over the world **South-Africa, Oman, Dubai, England and India** were also invited as the chief guest along with few politicians as MLAs of Muzaffarpur, Sitamarhi and Supaul District, along with Sitamarhi dist. DM, and SP.

Crowd strength was 15,000 approx.

• REPUBLIC DAY CELEBRATION

Organised by HAH Vision

Venue:-Madhopur-Sultanpur,Runnisaidpur,Dist.Sitamarhi, Bihar.

Chief Guests:- MLA ; Sitamarhi District

On the occasion of republic day, we organised a function for all the villagers be it poor or rich, youngsters or the old ones. Our motive was to convey the message of equality and humanity in the hearts of our brothers and sisters.

Crowd strength was in 1000s.

In the name of Allah, the most gracious, the most merciful.

On the invitation of beloved and affectionate, Molana Sameen Ashraf (may Allah increase his honor) and sincere insistence of brother Sohaib, very first time, I visited Al-Imdad Charitable Trust (Have a Heart Vision), Madhopur, Sultanpur.

Here foundation stone was laid down for the well-planned building and the program was proven very blissful, specially in the presence of respected Fazilat-us-Shaikh Hamid Al Bukhari teacher of Madina Munawwara. I pray to Almighty Allah, that he accept this charitable foundation center of people's services, and make it's goodness and right guidance for the humanity and mankind, this will be the best example of the best person is the one who benefits all the human beings.

May Almighty Allah grant blessings (Barakat) upon Molana Sameen Ashraf and beloved son Sohaib, (Chairman) and others, in their deeds, ages, and health.

Mohd Shahid
General Secretary
Jamia Muzahirul Uloom Saharanpur, U.P

On 16 Feb, 2018, I was invited by "Al-Imdad Charitable Trust (Have a Heart Vision)", Madhopur-Ramkhetari. I felt very happy. Their programme was commendable. I know them from a long period of time. By this trust, Blankets were distributed in winters and in 2017 during the horrific flood, the trust provided humanitarian relief to the affected people. The trust is also organising free medical camps. In order to expand its reach to the people, On 16 Feb, 2018, "Have a Heart Medical Centre" was inaugurated.

I am glad that there are trusts in our country which is helping the poor a lot. I pray to the Almighty that this trust may flourish more so that it may help many more poor people in future days to come.

If any work is being started with the religious thinking and sincerity, success must bow its head. For this purpose being an older age or having nature of goodness are not conditional. Every individual can point out its responsibility for society according to their nature, social preponderance and qualification and start playing their multilateral role in the society. But serving the religion is the only virtue of Allah which is bestowed upon the one luckiest in the society.

We find lots of people in this world whom Allah has given good wealth of education but they are deprived from the services of religion, as who Allah truly loves he select him to serve. Allah has graced plenty of goodness to Mohammad Sohaib the Chairman of "Have a Heart Vision", He keeps a passionate heart which feels the sorrow and grief of mankind. This can be explained by this line:

فرد قائم ربط ملت سے ہے تنہا کچھ نہیں، موج ہے دریا میں لور بیرون دریا کچھ نہیں

Therefore, Al-Imdaad Charitable Trust is offering the best services in relief works. Till now this trust has served thousands of people at different time. This trust has also led a foundation stone of "Have a Heart Medical Centre" on 18 February 2018. Also it has different tremendous projects need to be worked on. I request all philanthropists of Islam to participate in the holy work of Al-Imdaad Charitable trust and offer their best cooperation.

Regards,

Remember in your prayers

26 Zool Quada 1439 Hijri
9th August 2018,

All praises be to Allah who is the lord of the world. Peace be upon the last prophet of all prophets, no one will succeed him.

Islam is the religion of peace and prosperity, the word Islam denotes it clearly. (Silim) سلم is the root verb of this word. Compassion, sympathy, well wishing is the main attributes of this religion. The holy Quran bestowed upon the last Prophet Mohammad (PBUH) and the life of prophet is the open proof of this. And this is not only accepted by his relatives and companions but by other people as well. Histories of Islam also explain these attributes. Sacrifice and preference has a permanent chapter in Islam ie; followers of Islam always give preference to others in their needs and at the time of rests and happiness.

So the human being while living with each other should be sympathizing for others and keep the passion of well wishing in their hearts and always try to serve the mankind for the happiness of Allah.

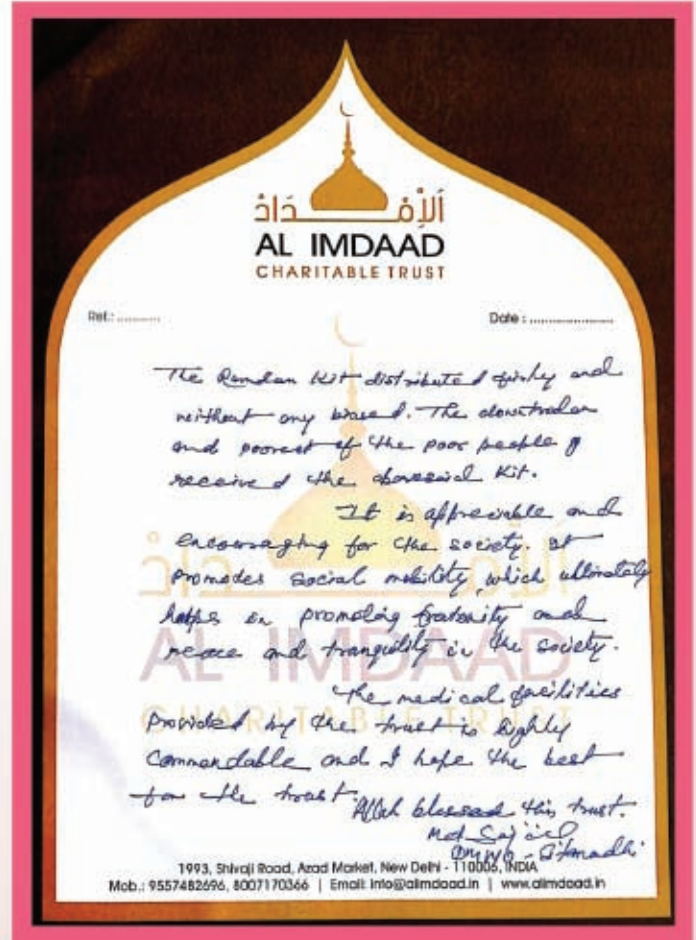

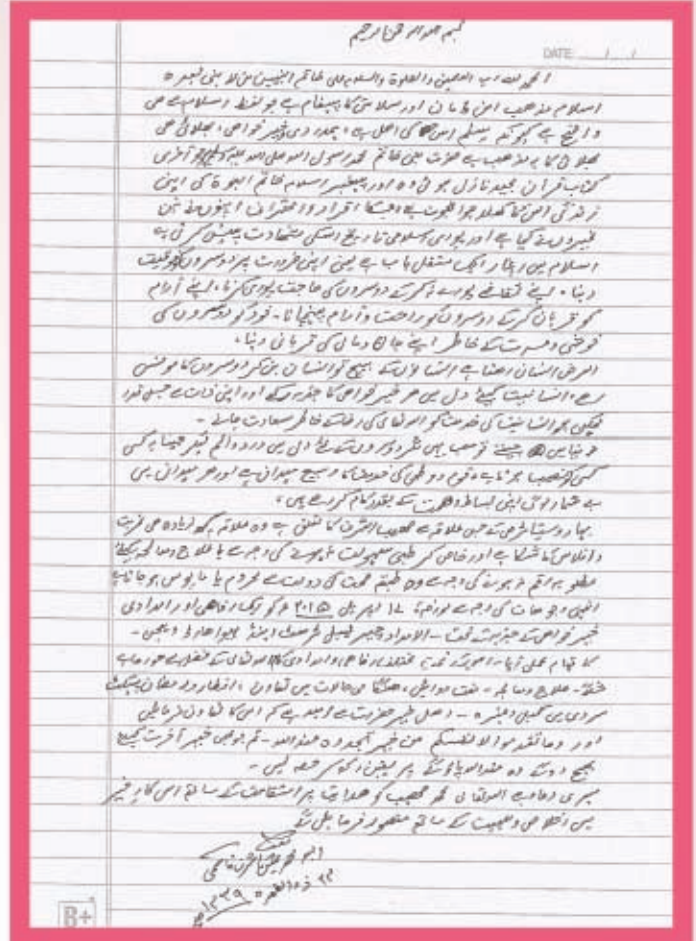

All human being in this world are created to live their own life but living for other's pain and grief is the main virtue of Islam. We have a very large field to serve the nation and the country, and very good efforts are being made by large group of people in this field.

Sohaib Sb who is hailing from Sitamarhi, Bihar, the region of poverty. People of this region neither have enough facility of medical assistance nor enough money for their medical needs. They are far away from the wealth of health. For this purpose Al-Imdaad Charitable Trust (Have a Heart Vision) has been started on 17th April 2015. Under this banner ship all the charitable and relief works are being done, for example free medical treatment, free medicines, emergency help, Ramadan Iftar Pack and distribution of blankets among poor in winter. All philanthropists are requested to extend their helping hands for this holy cause.

"And whatever good things you offer to Allah, you will find its reward directly from Allah."

I pray to Allah that Mohammad Sohaib may continue to work sincerely for this holy cause under the guidance of Allah and be successful.

Ref. No. 122/1439

Dated. 14-08-2018

الحمد لله وكفى وسلام على عباده الذين الصالحين، أما بعد!

المولانا محمد یحییٰ نے فرمایا کہ میں اپنی سرت حاصل ہو رہی ہے کہ ادا ادا چھیل کرست (پہلے سے) پارت و پارت کے ذریعہ صوبہ ہماچل کے مختلف علاقوں میں دستے بنانے پر دعا و سوراہا انجام دینے چاہیے ہیں۔ ٹرسٹ کے دفتر میں جناب محمد مصیب اشرف صاحب (ابن حضرت مفتی محمد شفیع اشرف قاسمی دست بکالیم) ایک ہونہار، باہمت اور عہدے پر لیج نوجوان ہیں اور باقاعدہ حقوقی خدمت کے جذبے سے برکتار ہیں۔

گذشتہ ماہ فروری 2018ء میں ٹرسٹ کی طرف سے 'پہلے سے' پارت میڈیکل سینٹر' کا سنگ بنیاد رکھا گیا۔ اس موقع پر جہاں ہندو ہیرن ہنس سے بی بی تعداد میں علاوہ مطابحہ موجود تھے، المولانا محمد یحییٰ کا شرف حاصل ہوا۔

مزید موصوف قوم و ملت کی تلاش و پیوند کے لئے بہت سونے کے ماحول آگے بڑھتے ہوئے سیاری خدمات چینی کر رہے ہیں۔ مریوں کے علاج کے لئے میڈیکل کیمپ کا انعقاد، غرضاً زمین کے لئے صحت بخاری کیمپ، ٹریپ ٹیکنیوں کی شادی کا انتظام، کمزور و پریشان حال افراد کو روزگار سے جڑنے کے لئے عملی اقدامات، پیسہ و مدد و افراد کے لئے مگر کا انتظام، پیسے کے لئے وقف پانی کی فراہمی، سڑیوں میں کھلی کی تعمیر اور ماہارک میں دفنان کیمپ اور دیگر اہم کاموں کے لئے ہم ممبروں میں شامل ہیں۔

المولانا ادا ادا چھیل کرست (پہلے سے) پارت و پارت کے لئے اس اہم مقصد کو ذہن میں رکھ کر یہاں سے پارت میڈیکل سینٹر کے کام کے لئے زمین خرید لی ہے۔ ضرورت ان بات کی ہے کہ جلد از جلد یہ اسپتال بنی کر تیار ہوجائے تاکہ ایک صحت مند سماج کی تشکیل ممکن ہو سکے۔

میری ملت کے بچی خواہاں سے روزانہ ادا ادا ہیں۔ وہ اللہ سے کہہ کر ادا ادا چھیل کرست کو انجام دینے میں فراخ دلی کا مظاہرہ کرنا اور اللہ کا شکر بجا رہیں۔ والسلام

محمد امین (مقیم مدرسہ)
14 ذی الحجہ 1439ھ

Praise be to Allah. I am very glad writing that Al-Imdaad Charitable Trust (Have a Heart Vision) is doing tremendous relief work in various region of Bihar. The Chairman of Trust Mr. Mohammad Sohaib Ashraf S/O Mr. Mufti Mohammad Sameen Ashraf Quasmi is a very laborious and courageous young man who has passion to serve the society and nation.

Trust has led foundation stone of "Have a Heart Medical Centre" in the Month of February 2018. In this auspicious occasion a good number of Islamic Scholars and dignitaries were present. I was also graced to be present on this occasion.

Mr. Sohaib is paving ahead with positive thinking and energy to serve the society with utmost standard. He is organizing medical camps for poor, Health awareness camp for women, marriage arrangements for poor families job opportunity to weaker and needy people, building homes for orphans and disables, arranging clean water for drinking, distributing blankets in winter season and distributing iftaar kits in Ramadan are among the important projects of trust.

Alhamdulillah, the trust has also bought a land to build one more "Have a Heart Medical Centre" which needs to be built as soon as possible so that a healthy society can be constituted. I appeal to the philanthropist of society to extend their helping hands to the Al-Imdaad Charitable Trust and get direct reward from Allah.

In Madhopur Sultanpur there is a charitable trust named as 'Al-Imdad Charitable Trust' (Have a Heart Vision) which is helping the poor labourers of the area. It's work is very commendable. By this trust, in winter blankets were distributed. Last time during the horrific flood, which caused devastating property damage, Al-Imdad Charitable Trust was on the ground in the affected region and went to work immediately to provide humanitarian relief to the affected people.

I am glad that there are trusts in our country which is helping the poor a lot. I pray to the almighty that this trust may flourish more so that it may help many more poor people in upcoming future days.

 نے ان کو ایک ڈھانچا بنا کر اسلام کے رنگ دیکھنے سے پہنچا تھا۔

ہر صفت کا درجہ پہلو ہے کہ اگر رسول اللہ محمد رسول اللہ ﷺ بڑھتے والوں کو اس طریقہ
 کے تقاضوں سے باخبر کرنا چاہتے ہیں اور انہیں اپنی ساری اور وسیع دہائی ہے اہل نبوت نے مابھی میں اپنی زندگی ہی
 مبارک کام میں صرف کی ہے اور اس کے کھلنے پر مومنوں کا نور ہے جس سے انہیں آواز دے گا اور انہیں اس کے
 دین کے پہلو پر صفت بزدل ہے اور صفت پہلو پر مشعل کی ترویج دینے کی ضرورت ہے، یہ سچا شریعتِ مطہرہ کے
 دائرے اور مومن میں ہی ترویج و معرفت و معرفت و معرفت کے کلمات کو دہانا چاہتے ہیں نبوتِ اسلام کی ایک کٹی اور اخلاقی پہلو ہے
 بلکہ نبوت دین کے پہلو ہی اپنی اہل کی جامعیت کا نام ہے اسلام کے ایک ہی پہلوئیں ہے یہ ان نبوت کے ساتھ ہیں
 چاہیں ظاہر کرتے ہیں۔

And it's the combination of outer and inner dimensions of Islam. It's nothing but Islam.

The third aspect of human services is to fulfil the need of everyone, and meet their necessities. Everyone should share the problems of people with each other regardless of the cast, region and religion, and celebrate their happiness or face difficulties collectively. And try to act upon the words of Sheikh Saadi Shirazi: "All Humans are the parts of one another, like the Perl, When any part of the body suffer, all another parts feel this suffering, If you do not feel the pain of others, then you may not be a human."

Taking all these aspects into consideration Al Imdad Charitable and Welfare Trust was established few years back. And in its short span of time, Al Imdaad Charitable trust is performing its duty very well is successfully moving ahead on its way. As I have known it through social media this trust has been meeting the necessities of a large number of the poor, patients and the needy ones. Distributing Ramadan gift among poorers, relief fund to flood affected people, marriage of poor girls, help to orphans and widows, educational support for poor students, job providing to unemployed people, treatment of suppressed and marginalized sections etc. are the major points of its work.

I wish may Allah help this trust to go a long way serving the entire humanity with its best possible ways and develop among its members - specially its senior member Abu Shakeb Mohammad Sohaib - of this trust the passion for work sincerely and honestly. May Allah make him successful in both the worlds and bless him to have his father Maulana Mufti Mohammad Sameen Ashraf for a long time. Ameen

Regards,
Mohammad Ayatullah Qadri

All praise be to Allah, the Lord of the Worlds, who is the strength of the hearts of those who love him. And peace be upon Mohammad who is the only source of guidance to all his followers and lovers and there will be no prophet after him until the day of judgment and peace be upon his companions and clergies of his Ummah.

"Sufism is nothing if it does not meet the service of humanity It's not about rosary, carpet and dress."The actual work of a Sufi is to serve the people. Humanity and human services have many aspects. One is to bring out people from the darkness of blasphemy and disbelief towards the light of true guidance. For this purpose we have to invite people towards Islam and introduce them to the monotheism. So they can inter in the circle of natural religion Islam, and become successful by believing on the Prophet Mohammed(PBUH).

This has become a fundamental work of Sufis, specially the sub-continental Muslims are highly indebted to them. Sultanul-Hind (the emperor of India), Our spiritual guide, misterMoinuddin Chishti(RIP) is on the top of these Sufis who planted Islam here at very first. After this other Sufis spread islam to the whole nation. And this way Islam has grown and became strong today.

The second way to serve the people is to make them aware about the requirements of The Holy words " لا اله الا الله محمد رسول الله " it's another sense is to purify the soul and nurture the spirit. All former Sufis spent their lives serving the people and guiding them in their own ways. In this aspect we need to assert exercising Islam practically i.e on the line of Shariat and Sunnat, because the plants of recognising the God, religious path, ant truth are grown on the land of Sharia. Sufism is the act and morality based face of Islam.

As per my knowledge Al-Imdaad Charitable Trust (Have a Heart Vision) which is situated at Madhopur Sultanpur of Sitamarhi District in Bihar is very active in serving mankind. It has good repo and has a long term projects in the field of religion, social services, relief works and medical assistances. The chairman of the Trust Mr.Mohammad Sohaib who's father is well know Islamic Scholar and author of a large numbers of books and a very famous Sufi personality Mr. Mufti Sameen Ashraf Quasmi. We can trust, as Mufti Sameen is the custodian and guardian of this Trust, I know him very personally; he resides in Dubai where he is Imam of..... and is giving respectful services in the field of religious teaching.

All philanthropists are requested to extend their helping hands to Al-Imdaad Charitable Trust with the hope that your cooperation in the field of human services will not only help the mankind but you will also rewarded by Allah at the time of judgment. My well wishes are with the Trust and praying Allah for its wide and long term services.

Regards,
Mohammad Sanaulah Quasmi

Second floor : 1,34,99,010 /- Rs.

Terrace floor : 15,98,016 /- Rs.

GRAND TOTAL : 5,09,52,028 /- Rs.

CHAIRMAN'S MESSAGE

Today, despite Indian economic growth, there is a real need to provide new job opportunities and put an end to poverty. Extensive progress has been made so far, but there are still social problems to address – child hunger, disease, teenagers at risk from addiction, poor education, high unemployment, and families in need of support.

Have a Heart Vision sprung from the belief that Non-Governmental Organizations and charitable institutions can effect real change in our fast-developing nation.

In order to improve the social conditions of our citizens, to share in the nation-building process taking place in India, and out of our belief that everyone deserves a decent standard of living, we feel strongly responsible and passionate that each citizen needs to help build our country. It is no longer only the provenance of government or a few committed individuals, but a national responsibility shared by every member of Indian society.

Have a Heart Vision embodies an optimistic vision of its role in the improvement of all aspects of life - social, economic, educational and medical. Through the work of our dedicated Volunteers, Have a Heart Vision provides diversified social services to the community - aiming at a better life with better healthcare and improved education for those in need.

Our children are the future. They need nurturing and care in order to flourish and reach their full potential. Accordingly, Have a Heart Vision provides assistance to those in need of social, financial, and material aid. This includes the provision of food, healthcare services, and training courses for children and their families. In this way we establish the ability of the next generation to sustain themselves in the future and to continue to build a better Indian society.

In addition, Have a Heart Vision organized various cultural and diversified activities including seminars on a variety of social, cultural, and medical issues. Have a Heart Vision also teamed up seminars to solve emerging social problems such as addiction, malnutrition, family planning, illiteracy and unemployment.

In addition to our efforts in the education arena, Have a Heart Vision works closely on the medical needs of the poor. We have undertaken medical and social studies to determine the real needs of people. For example, Have a Heart Vision has reached more than 1000s' of patients in deprived areas of Bihar, India. This was possible through the organization of several medical caravans where free medical treatment and free medicines were provided under the supervision of a medical team of over two doctors. To provide this facility on regular basis Have a Heart Clinic was established in Madhopur-Sultanpur, Bihar along with Have a Heart Medical Centre with all the facilities to be constructed soon.

Perhaps, one of the most important responsibilities of Have a Heart Vision is the monitoring of our efforts and follow-up of our work in all fields. The object of Have a Heart Vision is to invest in the future of India and to promote sustainable economic growth. We will work toward finding the best solution to every possible obstacle facing us in building a modern Indian society. It is a duty we will carry on for the sake of generations to come.

WHERE WE WORK

As an India based charity organization, we concentrate our work on helping needy families and children in the backward villages of Bihar and other backward states of India. Our volunteers make all efforts to improve the well-being of citizens living in various poor regions, while also making separate efforts to make these changes long term.

OUR VOLUNTEERS

- Mohammad Umar (Bihar)
- Shaziya Tarannum (Bihar)
- Ahmad Ziya (Bihar)
- Ikram-ul Haq (Bihar)
- Mohammad Imtiyaz (Delhi)
- Rajan Kumar Verma (Delhi)
- Mohammad Jawed (West Bengal)
- Mohammad Qamruzzama (Maharashtra)
- Mohammad Nafees Ashraf (Uttar Pradesh)

WE STILL NEED VOULENTEERS IN SEVERAL STATES OF INDIA

Our team really need volunteers. We call for those who have the desire to help needy people. Those who are young, active and ready to make a change for better. We look forward to see you.

Participating in our volunteers program gives an opportunity to explore India in all its beauty – starting as a part of our group, you will immerse deeper into the nature, society, and culture of various regions of India. You will get the best of India and its vibrant energy. Our team will be glad to offer you any necessary assistance if you don't have previous experience in volunteering in this part of the world.
